

Connecting International Families

# DELFT MAMA

*Design of the mosaic at the playground "De Achtertuin" in Delft, The Netherlands – by Claudia Latorre*

## Delft Maternity and Motherhood Assistance

- or Delft MaMa for short: promotes the well-being and integration of international mothers-to-be and mothers of young children in and around Delft since 2007.

We serve our local international community, and offer support and resources to parents through our website: [www.delftmama.nl](http://www.delftmama.nl), our Facebook Page and private group at [www.facebook.com/groups/DelftMaMa](https://www.facebook.com/groups/DelftMaMa), and we inform you about local, family friendly activities and events in our newsletter.

You can connect with over 1000 internationals from the immediate area and discuss parenting challenges. We offer a wide range of practical parenting topics, including popular questions like finding a daycare, babysitters and schools in Delft.

We are a welcoming community: we have regular meet-ups that help us connect and find friends and support in a new country and our new home.

We also have a pilot program called *SiDe*: the Soft Landing in Delft which is run by Delft MaMa volunteers to help newcomers find their way around town and Dutch culture in as little as 6 weeks.

Join us anytime!

See you soon,

- the Delft MaMa team
